

## Z<sup>©</sup>ONAMACO ART WEEK 2025

Since its creation in 2004, Z<sup>©</sup>ONAMACO has not only become the most important contemporary art fair in Mexico and Latin America, but it has also established **Art Week in Mexico City**. Thanks to its ability to create synergies between galleries, cultural institutions, and independent spaces, Z<sup>©</sup>ONAMACO has transformed the capital into a global reference for art during this period, turning every February into a true celebration of contemporary art, design, and photography.

In its 2025 edition, from February 5th to 9th, Z<sup>©</sup>ONAMACO will not only offer its iconic program at the **Centro Citibanamex**, but will also reinforce its commitment to the cultural community through parallel activities that will extend throughout Mexico City.
